Technologies/Frameworks: Linux , ReactJs , NodeJs , GitHub, Figma

CERTIFICATIONS

CEHv12 : Certified Ethical Hacker

CCNAv7 : Networking Essentials

MSME Ethical Hacker Course

Experience

Cisco

Jun 2024 – Aug 2024

Trainee Intern

Virtual

- * Analyzed and resolved networking and cybersecurity challenges through practical case studies, strengthening technical problem-solving skills.
- * Collaborated with peers and mentors, fostering teamwork and accelerating personal development in IT and security protocols.

Raema Star Solar

Jan 2024 – Aug 2024

Graphic Designer and Social Media Manager

Remote

- * Spearheaded the design and development of company marketing materials, including flyers, posters, logos, and banners, contributing to increased brand visibility.
- * Orchestrated the frontend design of the company's new website, enhancing user experience and modernizing the interface.
- * Managed and directed social media campaigns, boosting engagement and fostering a consistent online presence.

Projects

Kavach AI | Github

Python, Django

- * Developed and engineered an advanced antivirus solution powered by machine learning, providing deep scanning and system activity monitoring to enhance security.
- * Implemented innovative features like junk file removal, boosting system performance and user convenience.
- * Designed and orchestrated an intuitive GUI using Django, streamlining virus management for users.

DietMate | Github

Python, HTML, CSS, Javascript, Php, Docker

- * Developed a web application that tracks daily calorie intake and provides customized diet plans based on BMI/BMR and body type, improving user health management.
- * Engineered a user-friendly interface for tracking calories, managing food items, and visualizing progress through intuitive dashboards.
- * Integrated a comprehensive dataset from Food.com to offer accurate nutritional information and suggestions tailored to individual dietary needs.
- * Orchestrated backend functionalities using Python and Docker to ensure smooth data management and user authentication.

Leadership / Extracurricular

GeeksforGeeks Club

Aug 2023 – June 2024

Head of Design

Bennett University

- * Led and orchestrated the design team, overseeing creative projects for events and campaigns organized by the club.
- * Designed visually compelling posters, banners, and digital content to promote club activities, increasing student engagement.
- * Collaborated with the executive team to ensure consistency in branding and design across all platforms.
- * Spearheaded the redesign of the club's digital presence, revitalizing the club's image and boosting its appeal to potential members.
